

WLC

Williams Lighting Consultants Ltd.

"We would certainly have no hesitation in recommending this consultancy to others"

Mark Stefan | Director | Design with Nature

"Your approach and appreciation for the requirements is commendable"

Baljit Singh Sahota | Principal Engineer | Birmingham City Council

"I would heartily and positively recommend his service"

Gordan Smith | Director | Matrix Planning Ltd.

STREET LIGHTING DESIGN

CONSIDER THE ALTERNATIVE

Swift response times - be safe in the knowledge that we have it covered. We take pride in our response and delivery times. Let's work together.

No hidden charges - our fees are for the complete package. So you know exactly what to expect and can budget / forecast accordingly.

Let us liaise with the Authority through to approval - we have well established relationships with many local authorities throughout the UK.

We want to reduce our impact on the planet as much as you do. We reduce this through our designs - considering construction, maintenance and demolition. To further combat our impact we plant one tree for every ten lights installed.

WHAT WE DO:

*SECTION 38
LIGHTING*

*SECTION 278
LIGHTING*

*CAR PARK
LIGHTING*

*PRIVATE
DEVELOPMENT
LIGHTING*

*PLANNING
CONDITION
DISCHARGE*

*PUBLIC
REALM
SCHEMES*
